UNITED WAY FUNDED PROGRAMS

DIRECTORY 2020

Local Love.

Every day, programs and services funded by United Way Guelph Wellington Dufferin help our families, our friends, our neighbours.

These programs are for everyone in our community, from infants to seniors; from Aberfoyle to Mount Forest to Shelburne. They are programs many of us hope we'll never need to call on, but are thankful for when needs arise.

The generosity of thousands of donors and volunteers showing their local love allows United Way to fund the essential programs outlined in this directory.

Thank-you all for your ongoing support.

United Way Impact Areas

United Way works closely alongside issue experts on research planning tables to understand our community's needs and facilitate investment in programs through a volunteer Community Impact Committee. United Way has identified five essential building blocks to create strong neighbourhoods and thriving communities, including:

Connected Kids

All children and youth should believe in themselves and feel like they are a part of the community in which they live. When they feel a sense of belonging and pride in their communities, they are better able to deal with life challenges and get involved. Children who participate in activities are more likely to have higher self-esteem, develop skills for learning and form positive relationships.

Adequate Basic Needs

Basic needs include food, housing and income. These are crucial social determinants of health that individuals and families need to survive and thrive.

Sense of Belonging

Feeling a sense of belonging and participating in your community benefits individuals, organizations and communities alike. People who are connected to others and their community tend to be happier and healthier. Belonging and participating are ways to get emotional support, feel valued, decrease social isolation and give back to the community.

Positive Mental Health

Positive mental health means people can handle life's challenges. Mental health, poverty and overall well-being are connected. People who struggle with mental illness are more likely to have chronic illnesses. A mental illness can impact a person's ability to pursue education, or to find employment.

Supports for Seniors

Social networks provide social, emotional and financial support to individuals, while connecting them to other groups, people and opportunities. Social participation affects physical and mental health and is especially important for older adults. Health benefits include better quality of life, living longer and a decreased risk of acquiring a disability, depression, anxiety or dementia.

Match Program

Allocation: \$15,000

The Match program matches children with a Big Brother or Big Sister. The child benefits from regular weekly meetings that build self-esteem and trust. Through this relationship of friendship and positive role modeling the mentor reduces the emotional distress of the child and guides the child to make more positive life

choices. In many cases, this relationship allows the child to navigate their way out of poverty and into a life with greater opportunity.

In-School Mentoring

Allocation: \$5,000

The In-School Mentoring Program matches children with a caring adult mentor for one hour each week, right at their school. The children are chosen for the program by staff at the school. The children are struggling in some way at school and could benefit from time spent with a mentor. Through one-on-one visits, the program encourages friendships and builds self-esteem through activities such as crafts, games and sports.

Big Bunch Group Program

Allocation: \$19,685

The Big Bunch program provides service to boys and girls who are on the waiting list for their own Big Brother or Big Sister. It also serves those children who need a positive male or female role model and peer interaction with other children of a similar age and same gender. Each group has a designated leader and several other dedicated volunteers who are assigned a number of girls or boys within a specific age range. The volunteers plan and supervise at least 2 outings each month, picking up the children and driving them to their group outings. All group leaders have been fully screened, trained and approved according to national standards laid out by Big Brothers Big Sisters of Canada as well as local agency standards and policies.

One to One Community Match Program

Allocation: \$31,138

The One to One Mentoring program covers three programs. The Big Brother Mentoring program provides boys and young men with a role model and a good friend to talk to and share experiences of growing up. The Big Sisters Mentoring program provides girls and young women with a role model and a friend to talk to and share experiences of growing up. The Couples for Kids Mentoring program matches two adults in a committed relationship with a boy for a few hours each week over a minimum of 18 months. They share fun activities which provide positive guidance, support and role modeling to their Little Brother. All three programs strive to promote the importance of staying in school and healthy relationships with family and peers, instill trust and self-confidence in order to make healthy decisions, encourage leadership skills and independent thinking and above all, make a difference while having fun.

In-School Mentoring Program**Allocation: \$33,250**

The In-School Mentoring program provides girls and boys with a role model and a friend to talk to and share the experiences of growing up within school grounds. For one hour a week, mentors meet with their mentee and engage in activities such as board games, crafts or just hang out in the playground. Big Brothers Big Sisters of Guelph, in partnership with the Upper Grand District School Board and the Wellington Catholic District School Board, provides co-op placements in the In-School Mentoring program where the agency matches high school students completing a cooperative school placement with 8 mentees that they mentor throughout a high school term. Each high school student is placed at a partnering elementary school for the morning or afternoon and he/she mentors two children each day.

School-Based Mentoring**Allocation: \$22,800**

The School Based Mentoring program covers three separate programs.

"Go Girls, Healthy Bodies, Healthy Minds" is a group mentoring program for girls ages 12-14 that focuses on physical activity, balanced eating and self-esteem. The single, most important goal of the program is to positively shape the lives of young women and girls by helping them build a positive self-image and setting them on a path to reach their full potential in life. The Go Girls! program consists of 7 mentoring sessions, held over a 7-week period, within school facilities. "Game On! Eat Smart - Play Smart - Live Smart" is a group mentoring program providing boys and young men with information and support to make informed choices about a range of healthy lifestyle practices. Through non-traditional physical activities, complemented with healthy eating support, participants are engaged in life skills, communication, and emotional health discussions designed to engage participants in the pursuit of life-long healthy lifestyles. Play On! is a pre-teen program for girls and is unique to Guelph. Play On! provides the same services as the Go Girls! program, but is preventive in nature, directed towards girls in grades 5 and 6. The program focuses on encouraging and enabling girls to choose a healthy, active lifestyle.

Go Girls and Game On**Allocation: \$2,850**

Go Girls is a mentoring program designed to encourage physical activity, healthy eating choices and the development of a positive self-image among girls and young women between the ages of 12 and 14. Game On is a mentoring program that

provides boys between the ages of 12 and 14 with information and support to make informed choices about a range of healthy lifestyle practices. Both programs are seven-sessions in length, led by volunteer mentors. The main goals of these programs are to develop an appreciation of the benefits of an active and healthy life.

In-School Mentoring Program

Allocation: \$3,800

The In School Mentoring program provides girls and boys in public school with a role model and a friend to talk to and share experiences of growing up, within school grounds. For one hour a week, volunteer mentors meet with their mentee and engage in activities such as board games, crafts or just hang out in the playground. The program requires a weekly visit of 1 hour for the duration of the school year. The program strives to provide a role model and a friend for girls and boys; promote the importance of staying in school and healthy relationships with family and peers; instill trust and self-confidence in order to make healthy decisions; encourage leadership skills and independent thinking; and above all, make a difference while having fun.

One to One Mentoring

Allocation: \$19,646

The One to One Match program is for children/youth between the ages of 6 and 18 who reside in the north part of Wellington County. This program pairs children/youth with a screened and trained mentor of the same gender for a safe mentoring relationship. Once matched, they get together once per week for activities which develop a trusting relationship. The relationship promotes the importance of staying in school and building healthy relationships with family and peers. It instills trust and self-confidence in order for children to make healthy decisions and encourages leadership skills and independent thinking. Abuse prevention is an important part of the organization's work with children. Children who are matched develop a high self-esteem which contributes to the development of responsible and productive citizens.

GLOW (LGBTQ Youth Group)

Allocation: \$3,500

The GLOW program hosts a weekly drop-in night for LGBTQ youth, between the ages of 14-21 years. A safe, positive space is provided, where youth can express themselves, discuss topics of interest, enjoy social activities, and develop leadership and advocacy skills. They work to help young LGBTQ youth to support each other in an anti-oppressive, non-judgmental atmosphere where they can be out with each other and support one another as they grow into adulthood. In the fall of 2017, the LGBTQ youth group decided to name this long standing support group “GLOW” (Gay, Lesbian OR Whatever).

Group Parenting Education

Allocation: \$10,000

The Group Parent Education program offers a series of free parenting workshops and promotes the development of children into well-rounded, productive adults by supporting and educating parents and providing opportunities to form positive community connections. Workshop topics are determined by community needs and program requests. Topics include communication, discipline, anger management, single parenting, advocacy and managing emotions. Dufferin County has a high proportion of parents who work in other regions and lack local family supports. Parental supports promote mental health and effective parenting.

Youth Resiliency Program

Allocation: \$45,125

The Youth Resiliency Program is designed to support vulnerable, at-risk youth in the Onward Willow/Shelldale community. The youth who participate in the programs struggle with many issues including: poverty, domestic and community violence, learning disabilities, mental health, drug addiction as well as racism and discrimination. A variety of recreational, social and educational programs that will be engaging for youth participation are offered. The youth will have the opportunity to participate at least three times a week throughout the year which will allow for personal growth. The goals are to improve communication skills, learn to play as a team, build stronger self-worth, improve leadership development skills and develop healthy friendships. As the youth develop these skills they are encouraged to play a stronger role in program development and volunteering within their community.

Outreach and Support Services

Allocation: \$93,100

The Outreach and Support program offers community based information, resources, and supports to low-income individuals and families in Centre Wellington, Wellington North, Minto, and Mapleton Townships. The focus is supporting those most at need in the community while promoting self-sufficiency and community involvement. The Outreach and Support programs do this by working alongside individuals and families to help them in addressing the need(s) that pose the greatest challenge(s) to their ability to move forward and remain

successful in the community. By offering a case management approach, these community members can be helped in obtaining adequate housing and put the appropriate supports in place to alleviate these needs.

Residential Program

Allocation: \$47,500

The Residential Program is a six-bedroom home that provides shelter and support for women who are pregnant or newly-parenting and who are either homeless or living in situations that are unsafe. The goals of the program are to provide a safe environment, food and access to community supports for women pregnant or

parenting a child under the age of three; to help empower the women to move forward in their goals, with a focus on life-skills, parenting and formal education; and to help women dealing with trauma, mental health issues or addictions get the help they need from community supports in order for those women to provide a safe and secure environment for their child(ren). Residents complete a detailed program addressing risk factors such as isolation, homelessness, mental health or addiction issues. The Residential Program aims to break the cycles of poverty and abuse. The goal is to keep families intact and reduce the number of children growing up in the Child Welfare system.

Supportive Transitional Housing Program

Allocation: \$9,500

The Supportive Transitional Housing Program is comprised of 8 two-bedroom apartments providing housing with support to mothers and their children who require a safe and affordable place to live. The goals of the program are: to reduce the risk of homelessness or housing instability for women who are parenting on their own and have limited personal resources; to provide a stable environment for children during their formative years, and to prevent isolation and foster community supports and networks for the young family. The program is designed to provide a safety net for mother and child at a critical time in their lives. Residents live independently in their own two-bedroom apartments complete with a kitchen and bathroom while still receiving Michael House supports and never paying more than 30% of their income. The program, with the help of a dedicated support worker, will develop their strengths and resources to address issues that may prevent them from providing a stable and secure environment for their children. This process will include regular check-ins to evaluate goals, progress, and concerns, all in a comfortable, home-like setting full of bright communal spaces where moms and babies can enjoy the company of other young families.

Drop-In Centre

Allocation: \$85,500

The Drop-In Centre provides access to food, shelter and a connection to resources that will improve an individual's quality of life as defined by that individual. People who live in poverty often experience food insecurity and social isolation. The Drop-In Centre is open every day of the year, including holidays, from 8 am - 3 pm for individuals who may otherwise be isolated to come together and have a meal. Individuals and families are helped to access shelter if they find themselves homeless and support is given to people to stay housed if they are going through a

situational crisis that threatens their housing stability. This support can be done financially or with support and advocacy with staff.

Youth Resource Centre

Allocation: \$97,250

The Youth Resource Centre is a “one stop” shop designed specifically for youth, to ensure that they receive barrier-free access to the services youth need in the community. This central access point supports youth in attaining identification,

access to food, clothes, outreach workers, affordable housing listings, and other supports needed.

Long-Term Transitional Housing Program

Allocation: \$95,950

The Long-term Transitional Housing program understands that housing means far more than a roof overhead or a place to eat a meal. For residents it means a space where youth are empowered to stabilize their lives, develop skills, make impactful decisions, contribute to their community and ultimately reach their full potential. In order to foster this philosophy, they are offered a variety of programs that ensure that homeless and at risk youth have access to housing options that meet their needs and the opportunity to make healthy decisions, complete their high school education and bring greater stability to their lives.

Rural Outreach Services

Allocation: \$9,500

The Rural Outreach Services program was implemented to address the isolation which is compounded by living rurally. This program enhances and broadens access to specialized services such as group/family/individual education sessions, caregiver support groups and individual counseling services in the rural Wellington area. The program seeks to create more opportunities to empower persons living with dementia and their loved ones to better define quality of life for themselves after diagnosis, to reduce stigma and stereotypes and to improve access to available community resources. This program works collaboratively with community partners so that outreach efforts can be truly maximized.

Assistive Devices Program

Allocation: \$13,300

The Assistive Devices program serves adults and seniors who are in financial need, who are 19 years of age and over, are permanent residents of Ontario, and who have a permanent physical disability. The program helps to purchase, repair, and maintain a wide variety of mobility or assistive equipment. Assistive Devices are very costly and often not affordable for vulnerable persons living in poverty who need them. The program works to ensure that funding is secured to purchase basic and essential assistive devices. Without assistive devices, people with disabilities find it impossible to move about their homes, attend medical appointments, bathe, shop for essentials or access any of the social and health-related services the community has to offer them. Independence both in the home and in the community is critical to the health and well-being of individuals.

Quick Access Affordable Counselling

Allocation: \$163,250

The Quick Access Affordable Counseling program is a pivotal gateway into mental health services in Guelph-Wellington, not only assessing complex mental health issues such as trauma and PTSD, but also assisting individuals, couples and families in learning skills such as: emotional regulation, stress management, healthy communication, and coping with grief, etc. Participants are assessed and provided linkage to appropriate services at FCSSGW and within the community. At the initial walk-in single session, participants will receive an early intervention mental health treatment plan that they can use in their day to day life. Participants will gain increased knowledge of relevant services in the community and how to access those services. When short term counseling is warranted, brief therapy services are arranged. Both walk-in single session and short term counseling are provided to participants with fees based on a sliding scale. No one is turned away for inability to pay.

Distress Line Listening Services

Allocation: \$76,250

The Distress Line may be used by people living with mental or physical health issues, situational challenges (e.g. spousal abuse, bullying, homelessness) and/or grief and loss, amongst other real life circumstances. The highly skilled volunteers provide compassionate listening support and solution-focused conversation that assist in identifying new directions toward a more satisfying, joyful and fulfilling life with strength and resilience.

Community Aftercare

Allocation: \$13,300

The Community Aftercare Program serves adults who have previously offended/been incarcerated by providing them with counseling and community integration supports leading to positive mental health and well-being, while

equipping them to be better able to handle life's challenges. The program also assists clients in improving communication, emotion regulation and confidence for building positive relationships with family and community members. Reducing isolation is a primary goal to helping clients achieve personal well-being. This program is particularly helpful for clients who are reluctant or unable to seek out and utilize community resources. The advocacy provided connects them to treatment services they would not otherwise access on their own. The provision of discharge planning services to inmates who intend to return to the Guelph area upon their release is another important part of the program. Through correspondence and telephone contacts, the Coordinator assists inmates in setting up a practical plan for reintegration into the community and after their release will connect individuals to community resources and support networks and provides ongoing counseling for as long as needed to achieve successful reintegration, personal well-being and healthy communities.

ReFresh: Bringing Good Food Home

Allocation: \$9,500

This program is a partnership with Bayer CropScience. HOPE House plants and seeds more than 3 acres of land on a donated farm plot. This crop is used to supply the Food Market with fresh produce throughout the summer and fall months. The farm plot is maintained using a summer student and a team of volunteers to weed and harvest the fresh produce. Each year, more than 50,000 lbs of fresh produce is harvested, and because it cannot all be used without it going to waste, a large portion of it (more than 40%) is shared with other community service providers, including the North End Market, Chalmers, Salvation Army and the Neighbourhood Groups. This ensures that people accessing different service points throughout the city can get good-quality, farm fresh produce.
